The Office Action of September 1, 2005 has been received and reviewed. This response is directed to that action.

Claim Rejections - Double Patenting

The Examiner rejected claims 1-4 and 6-43 under the judicially created doctrine of obviousness-type double patenting in view of U.S. Patent No. 6,090,989. A terminal disclaimer over the '989 patent is submitted herewith, thus obviating this rejection.
